this volume contains the proceedings of the nato advanced study institute on finite and locally finite groups held in istanbul turkey 14 27 august 1994 at which there were about 90 participants from some 16 different countries the asi received generous financial support from the scientific affairs division of nato introduction a locally finite group is a group in which every finite set of elements is contained in a finite subgroup the study of locally finite groups began with schur s result that a periodic linear group is in fact locally finite the simple locally finite groups are of particular interest in view of the classification of the finite simple groups and advances in representation theory it is natural to pursue classification theorems for simple locally finite groups this was one of the central themes of the istanbul conference and significant progress is reported herein the theory of simple locally finite groups intersects many areas of group theory and representation theory so this served as a focus for several articles in the volume every simple locally finite group has what is known as a kegel cover this is a collection of pairs $g_i \ni i$ where i is an index set each group g_i is finite $i \in I$

a comprehensive vital and practical program of health and fitness for those who want to achieve their unlimited potential

in the metoo era us women continue to struggle with whether or not to report sexual harassment while women living in parts of rural pakistan and mexico try to pursue

educational and employment opportunities without directly refusing parental wishes for them to marry despite rapidly changing social and economic conditions worldwide patriarchal practices remain remarkably widespread and persistent noting the need to move beyond a dichotomy of accommodation and resistance the contributors to this volume draw upon field research and in depth qualitative data from different parts of the world to explore the reasons for women's varied psychological responses to patriarchy these feminist scholars bridge preexisting divides between bio psychological sociological and cultural perspectives to explain the ways that women's desires goals and identities interact with culturally situated systems in order to develop more complex theories about the psychological underpinnings of patriarchy and to inform more socially progressive policies to improve the lives of women and men globally

reprint of the original first published in 1870

the three volumes devonian of the world constitute the proceedings of the second international symposium on the devonian system sponsored by the canadian society of petroleum geologists in calgary canada in august 1987
