this book is one of a series of various doctoral research project papers and has been further refined and converted into a book the book has been deemed one of further versions of management science that are to come these further versions focus more on information technology and its effects as agile tools for management including software engineering algorithms and data structures computer architecture and electronics systems science artificial intelligence and robotics quantum science statistics and web internet and multimedia design and building managers are usually multifaceted with multiple disciplines even though they have one or two areas as majors specialties or experience it is in the light of this that management science featuring micro macro economics and management of information technology was designed in this context to contain economics with it as a course of study in the future further versions will be pure courses instead of combinations the world has changed gear for the better due to the advanced mysteries of information technology innovations so that we could even conduct scientific laboratory experiments medical diagnoses and rule of law adjudications online that means we could not forget information technology as one major tool in hand that should be a pivot on and around which all other areas in management should dwell and revolve and this was one of the sole reasons of this book it is therefore worthy of note for readers aspiring as systems analysts managers and professionals to accustom themselves to the subject areas in the book to instill understanding of numerous important terms and points in economics and it this will help to build further courage and understanding toward advancement in these fields all topics indicated in the table of contents have been made reader friendly and treated to focus easy understanding we highly acknowledge all the intellectual materials used

i felt i had been placed in the center of something that was alive pulsating with life i knew god had placed me there and that he was in control as i stood there sobbing i felt something the consistency of liquid being poured over my head again and again it ran down the entire length of my body my knees buckled and i fell to the floor from the weight of it with each pour i felt a love for my father that was so big and powerful that i actually felt my body would burst this was not a natural love it was far greater as this liquid was being poured upon me i became aware of a powerful presence in the room then i heard the lord say to me i had to anoint you so that you could feel just a little of the love i have for your father

approaching poems as utterances designed and packaged for pleasurable reanimation how to play a poem leads readers through a course that uses our common experience of language to bring poems to life it mobilizes the speech genres we acquire in our everyday exchanges to identify signs of life in poetic texts that can guide our co creation of tone how to play a poem draws on ideas from the bakhtin school usually associated with fiction rather than poetry to construct a user friendly practice of close reading as an alternative to the new critical formalism that still shapes much of teaching and alienates many readers it sets aside stock questions about connotation and symbolism to guide the playing out of dynamic relations among the human parties to poetic utterances as we would play a dramatic script or musical score how to play a poem addresses critics ready to abandon new criticism teachers eager to rethink poetry readers eager to enjoy it and students willing to give it a chance inviting them to discover a lively and enlivening way to animate familiar and unfamiliar poems

explains how parents can improve their child s brain power through day to day interactions and offers an overview of each stage of a baby s brain development

volume ii continues the analyses and discussion of national security policy and strategy
