water management in the territory that is today Spain has highlighted the region's role as a mediator between the Islamic masters of water and the Christian world. The history of water in Portugal is less known and it has been taken for granted that it is similar to its neighbour. This book compares two countries that have the same historical roots and therefore many similar stories but at the same time offers insights into particular aspects of each country. It is recommended for scholars and researchers interested in any field of history of the early modern period and of the nineteenth century as well as general readers interested in studies on the Iberian Peninsula since it was the role model for many settlements in South America, Asia and Africa.

Un siniestro personaje irrumpe en la paz del monasterio de Montserrat. Se trata de Brambora, un mercenario al servicio de sus viribus, una maléfica organización secreta con oscuras intenciones. Al verse en peligro la comunidad benedictina recurrirá a Joan, un joven monje al que confiará el destino de sus vidas a su investigación. Se le unirá Sarah, una atractiva joven científica, junto con la que hallará unos antiguos documentos que hablan de un misterioso tesoro escondido en aquellos parajes, una leyenda que se remontaría a los últimos meses de la guerra civil y que sacaría a la luz un terrible secreto.
