houston we have a problem half of recent college graduates are either unemployed or underemployed you don t want well intentioned platitudes about reaching for the stars you want to know should i go to college what should i major in where am i likely to succeed how can i avoid student debt how can i find a job when more and more qualified people are chasing fewer and fewer jobs how do i keep my job once i have it can i really improve my emotional intelligence sure follow your dreams and you ll never work a day in your life because that field s not hiring or get usable evidence based career planning advice the second edition has 120 references and up to date information on the current job market

what if i told you that your child could go from lacking fundamentals to advanced understanding of all sections without wasting time on low quality prep books if you re worried your child won t finish on time miss key concepts or feel overwhelmed on test day using a study guide can alleviate all these fears it can drastically increase scoring reduce exam time and even help secure tuition it s so effective because all study materials are designed based on the previous examination curriculum every section inside this study guide follows the exact curriculum required to pass the isee middle level exam this means that whether you are looking to refresh your child s knowledge improve areas where they may be struggling or even aim for tuition level scoring this guide is the right fit the truth is you don t have to aim for a scholarship to benefit from all the materials inside this guide you get one book that can serve multiple purposes and if you feel unsure about how effective this can be

don't worry inside this book you'll find all five sections verified on the isee exam verbal reasoning quantitative reasoning reading comprehension mathematics achievement and essay each section is divided into the main subjects that need to be covered for example if your child is lacking knowledge about equations they will find a dedicated section in algebra patterns that takes them from absolute ground zero it includes clear theory explaining each term learning objectives associated with the chapter examples of how problems appear in that section plenty of practice questions with step by step explanations it's like having a tutor by your child's side at every step your child doesn't need a lot of time to get started even just 30 minutes or less per day depending on the level they are aiming for can be enough this guide is ideal if you're looking for cost effective study materials to be completely clear it's designed for families who want to save money on tutors while still ensuring their child has the best possible chance of getting into a good school here's just a small fraction of what you'll discover inside this book more than 2 000 cumulative questions with step by step explained answers not just the result but how to reach it questions with the right level of difficulty most guides have questions that are easier than the actual exam training designed to finish the exam well under 2 hours so time won't be a problem which is often an issue each chapter includes practice sets with clearly indicated levels of difficulty and suggested timing for completion a 4 week study planner structured around weekly goals whether aiming for tuition level performance or confidently passing at 95 the planner structures the material for success tutor like guidance hiring a tutor can be costly or impossible this manual feels like having a personal guide helping your child throughout the learning process skill checklists at the end of each section so your child can tick off topics as they master them glossary high frequency mistakes tricky terms like coefficient and congruent are clearly explained along with the most common mistakes students make especially in mathematics and quantitative skills 5 full practice tests to get your copy right now just scroll up and click add to cart
