a visionary look at the evolution and future of india in this momentous book nandan nilekani traces the central ideas that shaped india s past and present and asks the key question of the future how will india as a global power avoid the mistakes of earlier development models as a co founder of infosys a global leader in information technology nilekani has actively participated in the company s rise during the past twenty seven years in imagining india he uses his global experience and understanding to discuss the future of india and its role as a global citizen and emerging economic giant nilekani engages with india s particular obstacles and opportunities charting a new way forward for the young nation

a timely call to reshape government through technology from nandan nilekani and viral shah two leading experts in the field for many aspects of how our countries are run from social security and fair elections to communication infrastructure and the rule of law technology can play an increasingly positive revolutionary role in india for example where many underprivileged citizens are invisible to the state a

unique national identity system is being implemented for the first time which will help strengthen social security and throughout the world technology is essential in the transition to clean energy this book based on the authors collective experiences working with government argues that technology can reshape our lives in both the developing and developed world and shows how this can be achieved praise for nandan nilekani a pioneer one of india s most celebrated technology entrepreneurs financial times there is a bracing optimism about nilekani s analysis which can only be welcome in this age of doom and gloom telegraph the bill gates of bangalore nilekani achieves an impressive breadth time nandan nilekani is a software entrepreneur co founder of infosys technologies and the head of the government of india s technology committee he was named one of the 100 most influential people in the world by time magazine and forbes business leader of the year and he is a member of the world economic forum board viral b shah is a software expert who has created various systems for governments and businesses worldwide

india s future depends not only on economic growth but also on reform and innovation in this fascinating look at the emerging economic giant nandan nilekani co founder of infosys a global leader in information technology charts the ideas that are crucial to india s current infrastructure revolution and quest for universal literacy urbanization and unification he argues that only a safety net of ideas from social security to public health to the environment can transcend political agendas and safeguard india s economic future

the art of bitfulness helps create healthy boundaries between you and the floodgates of the internet it offers new strategies to reclaim your time privacy and attention this book is all about how to live with tech not how to live without it the goal is not to spend less time on your devices it is to spend your time on your devices better this book also talks about how we got here in the first place why does our technology limit us rather than liberate us the art of bitfulness offers a new way of building tech for all rather than a winner takes all system

nandan nilekani earned his place as an iconic entrepreneur in india in the 1980s having co founded infosys limited in 1981 in the post economic liberalisation era he cemented his reputation as a pioneer in the corporate and information technology world just as he helped launch infosys into the big league of world s it enabled services companies he served as the company s chief executive officer from 2001 to 2007 at the fag end of his career in infosys nilekani wrote a best selling book in 2009 imagining india the idea of a nation renewed the book is widely acclaimed for heralding a new idea based approach to meet the present and future challenges facing india it spelt out the theoretical framework for the provision of a unique identity for all its citizens as an important step towards putting what nilekani called human capital front and center as the main driver of productivity and growth his long experience in the corporate world and his passion for the citizen empowerment as proved in the successful bangalore agenda task force experiment started in 1999 as well as enunciated in his 2009 book made him the natural choice to be the first chairman of the unique identification authority of india uidai that was being

set up by the union government to provide residents of india with a unique identity and a digital platform known as the aadhaar nilekani left infosys to head the uidai in july 2009 in five years aadhaar has transformed india s approach to socio economic justice and equity and became the lynchpin to the government s welfare programmes that seek to achieve these goals it also set the stage for an efficient and transparent mechanism to monitor government programmes which is crucial to cut waste and slippage in order to maintain fiscal prudence at the national level the authors of the essays in this volume are accomplished experts in their respective fields together they piece together a wide range of issues relevant to india s present and future fiscal and monetary policies political and economic governance financial sector reforms financial inclusion urban development corporate governance competitive markets food security national security public policy advocacy and information communication technology the volume not only offers clear cut analyses on these topics but also a clear vision for the future

this is a small book about big disruptions over two decades and across two different political regimes the world s largest democracy combined the rise of cheap mobile phones cheap data and a unique digital id system to create an unprecedented revolution in digital public goods this included the rise of path breaking fintech systems like unified payments interface upi the creation of a new kind of welfare state based on digital direct benefit transfers and interlinked e governance systems that brought almost half a billion people who never had bank accounts into the financial system india s techade pieces together the story of how this digital revolution came to be it is a crisp yet comprehensive account of the systems the innovators the processes and the political will that drove the digital enterprise across india a must read for anyone who wishes to understand the transformative nature of technology and its deep impact on indian society politics and culture

this volume examines the idea of india as it emerges in the writing of its anglophone elite post 2000 drawing on a variety of genres including fiction histories non fiction assessments economic political and business travel accounts and so on this book maps the explosion of english language writing in india after the economic liberalization and points to the nation s sense of its growing importance as a producer of culture from ramachandra guha to william dalrymple from arundhati roy to pankaj mishra from jhumpa lahiri to amitav ghosh from amartya sen to gurcharan das from barkha dutt to tarun tejpal this investigation takes us from aesthetic imaginings of the nation to its fractured political fault lines the ideological predispositions of the writers often pointing to an asymmetrically constituted india a major intervention on how postcolonial india is written about and imagined in the anglophone world this book will be of great interest to scholars and researchers of cultural studies literature history and south asian studies it will also be of interest to general readers with an inclination towards india and indian writing

the indian entrepreneur is spearheading india s advance towards the forefront of the world economy this book reviews and retraces the

formidable path of those individuals who have spurred the growth of indian businesses and are at the heart of india s economic fabric today be they first or second wave businessmen and women they stand out by their creativity sharp mindedness and hard work and self confidence they have opened a new chapter in india s history by propelling their businesses into internationally competitive multinationals and are sources of inspiration and hope for the young citizens of india colette mathur senior advisor to the world economic forum for india co president of the euroindia centre bi india s global wealth club is a fascinating read on today s india and what it can offer for the future it provides rich insights on the confusing topic of what makes india tick by describing it through the minds and intellects of indian business leaders from a wide spectrum of industries rama bijapurkar author of winning in the indian market understanding the transformation of consumer india mr hiscock s book will prove an essential resource for anybody contemplating venturing into the highly lucrative but deeply complex indian marketplace the industry case studies and personal profiles hold valuable and often unmatched insights into the financial secrets of the subcontinent s restive tiger grant holloway managing editor the australian online

technology has fractured democracy and now there s no going back all around the world the fringes have stormed the palace of the elites and unleashed data miners dark ads and bots on an unwitting public after years of soundbites about connecting people the social media giants are only just beginning to admit to the scale of the problem we stand on the precipice of an era where switching your mobile platform will have more impact on your life than switching your government where freedom and privacy are seen as incompatible with social well being and transparency where your attention is sold to the highest bidder our laws don t cover what is happening and our politicians don t understand it but if we don t fight to change the system now we may not get another chance

sources on foreign relations of india culled from speeches by government representatives heading the official delegations to various countries

the open access volume stems from a conference held during the indian g20 presidency in new delhi on 28 29 july 2023 featuring 40 leading experts from 14 countries across the world it addresses issues such as climate adaptation global health technology and financial investments it discusses india s transition to net zero emissions the dynamics of technological disruptions the shift towards a unified digital economy and the transformations in the global economy it critically analyzes the global financial architecture the evolving nature of capital and the job market and the complex interplay between economics politics and global health it also discusses the uneven progress in international development focusing on africa s unique challenges and potentials with expert contributions across sectors including policy academia and industry the volume provides cross cutting insights that resonate with multiple stakeholders and offer pragmatic agendas for a sustainable future this book stands as a crucial resource for anyone keen on understanding or influencing sustainable growth on a global scale

a timely call to reshape government through technology from nandan nilekani and viral shah two leading experts in the field for many aspects of how our countries are run from social security and fair elections to communication infrastructure and the rule of law technology can play an increasingly positive revolutionary role in india for example where many underprivileged citizens are invisible to the state a unique national identity system is being implemented for the first time which will help strengthen social security and throughout the world technology is essential in the transition to clean energy this book based on the authors collective experiences working with government argues that technology can reshape our lives in both the developing and developed world and shows how this can be achieved praise for nandan nilekani a pioneer one of india s most celebrated technology entrepreneurs financial times there is a bracing optimism about nilekani s analysis which can only be welcome in this age of doom and gloom telegraph the bill gates of bangalore nilekani achieves an impressive breadth time nandan nilekani is a software entrepreneur co founder of infosys technologies and the head of the government of india s technology committee he was named one of the 100 most influential people in the world by time magazine and forbes business leader of the year and he is a member of the world economic forum board viral b shah is a software expert who has created various systems for governments and businesses worldwide

introduction the rise of chindia the new global paradigm the new corporate model the new megamarkets the leap ahead the financial challenge the education challenge the social agenda china s ecological and energy challenge the new competitive challenge
