one consequence of the popularity of the mbti is that it has become increasingly detached from psychological type theory often to the detriment of the individuals whom it is intended to benefit reconnecting the mbti to type theory has critical practical implications and applications in this regard the overall goal of this edition is identical to that of the two editions that preceded it and indeed to that of the indicator itself to make the theory of psychological types described by jung understandable and useful in people's lives

quickly acquire the knowledge and skills you need to confidently administer score and interpret the mbti in order to use the myers briggs type indicator mbti appropriately and effectively professionals need an authoritative source of advice and guidance on how to administer score and interpret this test written by naomi quenk who coauthored the 1998 revision of the mbti manual and the mbti step ii manual essentials of myers briggs type indicator assessment second edition is that source like all the volumes in the essentials of psychological assessment series this book is designed to help busy practitioners and those in training to quickly acquire the knowledge and skills they need to make optimal use of major psychological assessment instruments each concise chapter features numerous callout boxes highlighting key concepts bulleted points and extensive illustrative material as well as test questions that help you gauge and reinforce your grasp of the information covered completely revised and up to date with discussion of new versions of the mbti such as mbti step ii and mbticomplete essentials of myers briggs type indicator assessment second edition provides expert assessment of the instrument's relative strengths and weaknesses valuable advice on its clinical applications and several illuminating case reports

this comprehensive resource book is an invaluable tool for beginning and experienced mbti practitioners alike as a practical companion to the mbti manual this book helps you discover how to avoid ethical pitfalls how to select the most appropriate form administer the indicator score and report results learn techniques and language for introducing type and type dynamics and ways to interpret results and help clients choose a best fit type indepth information is also offered on how to introduce and use type effectively in an organization with exercises to teach the applications of type build on the extensive experience of the authors as they discuss examples of questions you will encounter in training situations from cover to cover this book is an indispensable tool for mbti professionals

the aims of this second edition are to make available all the research reported by isabel briggs myers in the first edition myers 1962 to clarify points that have been frequently misunderstood to describe more specifically how to interpret the mbti and to add new data from research since the first edition

the myers briggs type indicator mbti is a development of the work of carl jung who suggested the basic personality types of introversion and extraversion this book offers a review of mbti and looks at the possible practical applications
