engaging students for success through purposeful design every teacher wants engaged students no student wants to be bored so why isn't every classroom teeming with discussion and activity centered on the day's learning expectations engagement by design gives you a framework for making daily improvements in engaging your students highlighting opportunities that offer the greatest benefit in the least amount of time you'll learn how focusing on relationships clarity and challenge can make all the difference in forging a real connection with students engagement by design puts you in control of managing your classroom's success and increasing student learning one motivated student at a time

in this book author and teacher Katy Ridnouer focuses on the potentially overwhelming sometimes puzzling often delicate work of engaging both students and parents in the pursuit of learning and achievement structured around the questions teachers ask themselves about engagement goals and challenges everyday engagement offers specific strategies to try in your classroom with your students and with their parents that will help you connect with students and parents as individuals communicate invitations to engagement and regroup and respond if your initial invitations are rejected provide appropriate ongoing support and encouragement that will keep students in class behavior in check and learning on track anticipate and handle setbacks and complications in teacher student and teacher parent relationships tap outside resources to extend learning beyond the walls of the classroom Ridnouer believes that every teacher has the power to make students and parents partners in learning when a teacher embeds pro engagement action and attitudes into everyday practice the question is not if students and parents will be engaged in classroom learning but how they will choose to engage and how far that engagement will take them

this hands on guidebook provides simple strategies for creating a supportive environment where parents students and teachers all work toward success in the classroom

for years Don Graves' wisdom has helped create meaningful connections between teachers students and curriculum and brought a more humane approach to teaching and learning in a sea of faces Don returns to the theme of knowing your students with an extraordinary personal vision and his warm hopeful touch Graves offers reflections on the vital importance of knowing each child as a unique individual and important insights on how to do it a sea of faces is both an idea book and a meditation on children and learning filled with Don's wisdom wit and one of a kind storytelling it describes how to create new opportunities to understand your students better Don includes exercises that will sharpen your ability to observe children and get to know them as individuals not just students as well as seventy delightful poems written by Don himself that model the writing of poetry as a new and powerful way to express what you know about the kids in your classroom if the first day of school feels like an overwhelming blur of youngsters trust Don Graves and read a sea of faces you'll find out that all those new faces are an opportunity to renew your teaching and that you can connect with your students in more meaningful ways than ever before

teachers with relationships at the core of their practice can go into virtually any classroom in any school and succeed with even the most belligerent difficult students after all it doesn't take a genius to conclude that students will generally

behave better and work harder for teachers they know like and trust in this resource you ll learn some of the best fast acting ideas and strategies for building positive relationships with hard to reach students and becoming the teacher they respect and value and when you implement these ideas in your classroom you will see rapid improvements in the way your students treat you and respond to you building positive relationships with your students and creating a warm classroom community is without doubt one of the most effective classroom management strategies and teaching tools at your disposal and this book shows you exactly how to do so in the shortest possible time you ll discover the only two things you need to concentrate on if you want to build relationships with your students in the shortest possible time how to strike up meaningful conversations with students even if they never normally want to speak to you how to get your most troublesome students on your side works like magic how to get students to trust and respect you fast why disciplining students can be the best time to build a positive relationship and how to do it hundreds of activities for building bonds and creating classroom community once you learn the needs focused system your classroom your teaching and your students will be transformed includes downloadable bonus material and printable resources

connecting with students on a personal level is a very important aspect of teaching but how can we ensure students are just as connected to what they re learning is this lesson for you or your students answers this question by providing a student centered culturally responsive and curriculum aligned framework that teachers can easily implement into their classrooms author jt taylor a seasoned educational leader and instructional coach walks readers through his i c e d t e a acronym to enrich the instructional capacity of k 12 educators each chapter contains professional insight researched based approaches reflection questions and practical strategies for leveraging knowledge of students to inspire learning in the academic setting downloadable resources such as the i c e d t e a framework ã the checklist for aligning curriculum and the pace framework ã are also provided to cultivate reflective practitioners and help teachers prioritize their students and methodology whether you re a veteran educator or just starting your teaching career you ll come away with a plethora of strategies for creating student centered lessons maximizing student achievement and creating enjoyable learning experiences for all students

how many teachers take the time to connect with students on a personal level how do you find the time anyway teachers who manage to transcend the normal student teacher relationships can benefit everyone in school particularly the challenging students and along the way prevent school violence support school safety improve school climate and promote learning in a time of an increasingly rigid zero tolerance of the slightest hint of violence which results in automatic suspension or expulsion allen n menderler calls for a more caring flexible approach to school safety connecting with students outlines dozens of positive strategies for bridging the gap between teacher and student through personal academic and social connections easily tailored to any learning environment the activities and guidelines provide you with the tools you need in the classroom from the h h greeting to the 2 x 10 method and the 4h think aloud and paradoxical strategies as both teachers and administrators alter their own attitudes and behavior they learn to listen to students and accommodate their needs the end result will be lasting relationships that can foster deeper understanding and growth for educators and students alike in this book you will discover ways to stay optimistic and persistent and see your students as having something to teach you note this product listing is for the adobe acrobat pdf version of the book

have you ever had to deal with challenging students the kind of students who repeatedly skip class rarely hand in work and always have plenty of attitude when

you attempt to correct their behaviour do you at times feel like pulling your hair out and simply giving up well dont throw in the towel just yet teaching the unteachable student will provide you with strategies to help you overcome challenging behaviours in the classroom this book goes beyond traditional classroom management techniques it is a book dedicated to reshaping your students character ultimately for students to be successful they must develop six key elements of character that include respect responsibility perseverance caring citizenship and trustworthiness as you use the strategies in this book to inspire these core traits in your students you will find a renewed passion and confidence in your teaching an ability to connect with your students and build genuine relationships a significant improvement in your students academic progress and overall character get ready to do the unthinkable by teaching the unteachable

explores an inquiry approach in which students differentiate their own learning with the space to choose texts develop questions and practice skills that are unique to their needs this practical approach provides a clear customizable experience for teachers looking to shift ownership of learning to the student whether wholly or in part
