an invitation from gay hendricks i am thrilled and delighted to offer to you the new edition of learning to love yourself revisiting and rewriting the book has been a pleasure from beginning to end with its new elements the book comes alive in a whole new way in learning to love yourself gay hendricks s new edition is ideal for giving to loved ones including yourself who are on the journey to forgiving accepting and loving themselves

find yourself a self therapy workbook how many times as we re growing up do people ask us so what do you want to be when you grow up it seems so simple then you name a few traditional careers and you think that s the answer however the real answer is who do you want to be and there is no official when you grow up date set when you re in a new group setting whether it be a workplace a class a church group or a social setting there s frequently an icebreaker activity with another simple question so tell us about yourself do you know exactly what to say or do you flounder somewhat do you state what you do for a living or your marital status and how many kids you have or maybe your age and then

wonder what to say beyond that this workbook is designed to help answer the question who are you as well as similar questions like who do you want to be and tell us about yourself once you've worked through this workbook you should be more clearly on your way to knowing who you are now where you want to get to as a person and how you plan on getting there think of this workbook and the exercises within a little bit like a road map at the beginning we will mark the you are here spot and figure out exactly where you are and what that means then we'll work together to find the where would you like to end up spot on the map and in between will be all of the stops you'd like to make you need to make and you'll find yourself making in order to get from point a to point b hopefully you'll also learn that the trip the experience is as valuable as reaching the destination

you are one step away from learning how to build your confidence and self esteem and become the version of yourself that you've always wished you could become one of the critical ingredients for success in life is confidence and a good level of self esteem without these two you can bet that you will struggle interacting with people leading taking initiative getting stuff done trying new things and much more and in the end your career your social life your businesses and many other facets of your life will suffer a healthy self esteem and high level of confidence can enable you to get ahead in ways you never thought possible so if you are struggling let me ask you some questions how much do you value yourself do you see yourself as someone who is worthless unloved incompetent or awkward if you feel bad about yourself it is okay don't be too hard on yourself for thinking that of yourself because that only makes things worse and makes you sink deeper into the pit of despair in any case you are not alone in your struggle of low self esteem as a staggering 85 of the world's population struggles with low self esteem well this is not to make you complacent and not take action to build your confidence but to encourage you that you are not alone others have struggled and many have emerged victorious and the good thing is that all it took was massive action to get there what then can you do to feel good about yourself what steps can you take to stop seeking approval from people how can you build your confidence from within this 2 in 1 set will answer the above questions and many more here is a preview of what you will learn what self esteem and self confidence is how to destroy negative thinking because it is the first step to not valuing yourself how to boost your self esteem especially for introverted people who are prone to having low self esteem how to understand and take charge of your emotions steps to take to overcome fear which is at the core of low self esteem the relationship between low self esteem and not achieving your goals what you need to do to take action to achieve the goals you have set even when you don't feel like it effective mechanisms that you can use to shield yourself from the negativity that exists all around us tips to help you overcome the fear of taking the first step how to use visualization to boost your self esteem how to become the best version of yourself and much more everything is laid out in an easy to follow structure and writing style to ensure you move from having a low self esteem to having high self esteem seamlessly and without going back to your old self if you want to build your self esteem and confidence and start believing in the greatness that lies within but is untapped then click buy now with 1 click or buy now to get started

with an eye toward building self awareness allen employs her signature combination of verbal directives and visual cues in a dynamic workbook that prompts readers to look at

themselves from many different angles and perspectives 78 halftones consumable
