if you want concise clear convenient access to the most important facts ideas and historical figures in sociology all the central information that is taught in intro to sociology and core sociology courses you cannot choose a handier more economical book than this popular entry in

society explained introduces students to key concepts in sociology through engaging narrative examples after an overview of the history of sociology the book walks readers through subjects that include individualism culture socialization and imagination values money and politics marriage and family religious diversity and education and social change nathan rousseau engages readers with personal examples and those drawn from wider society each chapter covers leading thinkers and critical concepts and chapters build on each other to help readers acquire a holistic view of society and their role in it this concise book is an ideal introduction to the sociological imagination

introduction to sociology 3e aligns to the topics and objectives of many introductory sociology courses it is arranged in a manner that provides foundational sociological theories and contexts then progresses through various aspects of human and societal interactions the new edition is focused on driving meaningful and memorable learning experiences related to critical thinking about society and culture the text includes comprehensive coverage of core concepts discussions and data relevant to a diverse audience and features that draw learners into the discipline in powerful and personal ways overall introduction to sociology 3e aims to center the course and discipline as crucial elements for understanding relationships society and civic engagement the authors seek to lay the foundation for students to apply what they learn throughout their lives and careers

the first edition of a contemporary introduction to sociology was the first truly new introductory sociology textbook in decades written by two leading sociologists at the cutting edge of theory and research the text reflected the idioms and interests of contemporary american life and global social issues the second edition continues to invite students to reflect upon their lives within the context of the combustible leap from modern to postmodern life the authors show how culture is central to understanding many world problems as they challenge readers to confront the risks and potentialities of a postmodern era in which the futures of both the physical and social environment seem

uncertain as culture rapidly changes in the 21st century the authors have broadened their analysis to cover developments in social media and new data on gender and transgender issues

introduction to sociology offers a comprehensive guide that connects traditional sociological concepts and contemporary social phenomena such as globalization consumer culture the internet and mcdonaldization to students lives in today s global society this accessible text encourages learners to apply a sociological perspective and explore how public sociologists address critical modern issues

introduction to sociology 3e aligns to the topics and objectives of many introductory sociology courses it is arranged in a manner that provides foundational sociological theories and contexts then progresses through various aspects of human and societal interactions the new edition is focused on driving meaningful and memorable learning experiences related to critical thinking about society and culture the text includes comprehensive coverage of core concepts discussions and data relevant to a diverse audience and features that draw learners into the discipline in powerful and personal ways overall introduction to sociology 3e aims to center the course and discipline as crucial elements for understanding relationships society and civic engagement the authors seek to lay the foundation for students to apply what they learn throughout their lives and careers the authors reviewers and the entire team worked to build understanding of the causes and impacts of discrimination and prejudice introduction to sociology 3e contains dozens of examples of discrimination and its outcomes regarding social science society institutions and individuals the text seeks to strike a balance between confronting the damaging aspects of our culture and history and celebrating those who have driven change and overcome challenges the core discussion of these topics are present in chapter 11 on race and ethnicity and chapter 12 on gender sex and sexuality but their causes and effects are extensively discussed in the context of other topics including education law enforcement government healthcare the economy and so on together and when connected by an instructor these elements have potential for deep and lasting effects

introduction to sociology distills decades of distinguished work in sociology by one of this century s most influential thinkers in the areas of social theory philosophy aesthetics and music it consists of a course of seventeen lectures given by theodor w adorno in may july 1968 the last lecture series before his death in 1969 captured by tape recorder which adorno called the fingerprint of the living mind these lectures present a somewhat different and more accessible adorno from the one who composed the faultlessly articulated and almost forbiddingly perfect prose of the works published in his

lifetime here we can follow adorno s thought in the process of formation he spoke from brief notes endowed with the spontaneity and energy of the spoken word the lectures form an ideal introduction to adorno s work acclimatizing the reader to the greater density of thought and language of his classic texts delivered at the time of the positivist dispute in sociology adorno defends the position of the frankfurt school against criticism from mainstream positivist sociologists he sets out a conception of sociology as a discipline going beyond the compilation and interpretation of empirical facts its truth being inseparable from the essential structure of society itself adorno sees sociology not as one academic discipline among others but as an over arching discipline that impinges on all aspects of social life tracing the history of the discipline and insisting that the historical context is constitutive of sociology itself adorno addresses a wide range of topics including the purpose of studying sociology the relation of sociology and politics the influence of saint simon comte durkheim weber marx and freud the contributions of ethnology and anthropology the relationship of method to subject matter the problems of quantitative analysis the fetishization of science and the separation of sociology and social philosophy

this text will show a general analysis of society with a better understanding of social organizations

an introduction to the study of sociology that includes information on different sociological theories the founding fathers of sociology the ways sociology is studied and practiced around the world and other related topics
