this book departs from the premise that context represents a complex relational configuration which can no longer be conceived as an analytic prime but rather requires a parts whole perspective to capture its inherent dynamism the edited volume presents a collection of papers which examine the connectedness between context contextualization and entextualization they address the questions how meaning and speech acts are situated in context how both are influenced by context how context influences speech acts and meaning how context is imported into the discourse and how context is entextualized in discourse the papers cover institutional and non institutional contexts the language of greek laws political discourse confrontational media discourse and task oriented face to face and back to back interactions they reflect current moves in pragmatics and discourse analysis to cross disciplinary and methodological boundaries by integrating relevant premises and insights in particular cognition adaptive action negotiation of meaning sequentiality recipient design and genre

what does it mean to identify oneself as pagan or christian in late antiquity and the early middle ages how are religious identities constructed negotiated and represented in oral and written discourse how is identity performed in rituals how is it visible in material remains antiquity and the middle ages are usually regarded as two separate fields of scholarship however the period between the fourth and tenth centuries remains a time of transformations in which the process of religious change and identity building reached beyond the chronological boundary and the roman the christian and the barbarian traditions were merged in multiple ways being pagan being christian in late antiquity and early middle ages brings together researchers from various fields including archaeology history classical studies and theology to enhance discussion of this period of change as one continuum across the artificial borders of the different scholarly disciplines with new archaeological data and contributions from scholars specializing on both textual and material remains these different fields of study shed light on how religious identities of the people of the past are defined and identified the

contributions reassess the interplay of diversity and homogenising tendencies in a shifting religious landscape beyond the diversity of traditions this book highlights the growing capacity of christianity to hold together under its control the different dimensions identity cultural ethical and emotional of individual and collective religious experience

this volume continues the publication of excavations conducted by the american school of classical studies at athens in the sanctuary of demeter and kore on acrocorinth it incorporates two bodies of material greek lamps and offering trays the lamps include those made from the 7th through 2nd centuries b c together with a few roman examples not included in corinth xviii 2 they served to provide light and to accompany the rites of sacrifice the offering trays differ from the liknon type offering trays published by a brumfield they support a variety of vessels rather than types of food and had a symbolic function in the sanctuary rituals they are extremely common in the sanctuary and only rarely attested elsewhere
