paul tillich is exceptional in modern theologians that his distinctive and abundant understanding of the concept of life and spirit has the potential to engage with other disciplines such as biology psychology cosmology and social science and that his ontological understanding of life as spirit which is so crucial in the ecological consideration is so complex and subtle that enables powerful and critical inter religious dialogue in environmental ethics this book argues that despite the fact that tillich did not engage in ecological and environmental theology directly his abundant personal experience of nature mysticism and intellectual understanding of the idea of nature rooted in his lutheran and german idealist heritages and more importantly his ontological pneumatological holistic and multi dimensional conception of unifying and differentiated reality perfectly and organically coupled with the theonomous vision of theology of culture nature and morality is profoundly ecologically oriented

paul tillich's philosophical theology takes up the challenge as to whether his thought remains relevant fifty years after his death in opposition to those who believe that his writings have little to say to us today this book argues that his thought is largely exemplary of open theological engagement with the contemporary intellectual situation

this is the first published book length treatment on paul tillich and judaism which is a neglected aspect of tillich's thought it has three compelling features first pivotal biographical details show the importance of judaism for tillich and that he ardently opposed anti semitism before wwii and after the holocaust second tillich's theological method is examined in key primary sources to show how he maintains continuity between judaism and christianity the primary source analysis includes his 1910 and 1912 dissertations on schelling the 1933 the socialist decision the 1952 berlin lectures on the jewish question and his final public lecture on the importance of the history of religion for systematic theology particular attention is paid to his dialectical and theological history of religion third tillich's positive theology of judaism contrasts sharply with the many complex negative ways in which judaism is portrayed in western thought this contributes significantly to our understanding the evolving history of christian anti judaism

die vielen berichte zur aufarbeitung sexualisierter gewalt im katholischen bereich zeigen eine diskrepanz zwischen moralischem anspruch und dem ausbleiben von helfendem verhalten am beispiel der personen die zeuge der delikte werden konnten geht andreas zimmer auf die frage nach was strukturell und kulturell förderte oder hinderte dass diese bystandern intervenierten dazu sieht er die aufarbeitungsberichte und bezieht humanwissenschaftliche ergebnisse zu den wirkfaktoren zur erklärung ein ebenso befragt er das institutionelle setting nach systemischen ursachen die den ermöglichungsraum von gewalt beeinflussten daran schließt er einen entwurf einer moraltheologischen antwort auf die fragen an welche kulturellen denkmuster sexualisierte gewalt begünstigt haben welche sie hätten hindern können und wie künftig eine ethische orientierung gestärkt werden kann die zu leidenssensiblen handeln motiviert

this two volume book covers the multimodality approach to various breast pathologies with special emphasis on the role of imaging in the

diagnostic and management algorithm the book provides a stepwise clinico radiological approach while highlighting the crucial role of imaging at each step of patient evaluation it has been divided into two volumes the first volume focuses on a basic overview of clinico radiological concerns in the field of breast imaging and the second volume provides a precise disease based approach in various clinical scenarios this volume answers questions pertaining to specific breast pathologies and apprises on the recent updates in the fields of disease management it makes readers aware of the vital role of imaging in not only the diagnosis but also the management and follow up of the patients post treatment the book includes chapters on disease based approach in special clinical scenarios like breast carcinoma in pregnant women young females bilateral breast cancers male breasts etc each chapter includes multiple figures tables flowcharts easy to follow algorithms and key points that address the diagnostic dilemma in the respective breast symptom or disease the book is beneficial for practitioners students and fellows in radiology pathology surgical and medical oncology disciplines

attempts to show the religious dimension in many special spheres of man s cultural activity

speaking with understanding and force tillich offers a basic analysis of love power justice and all concepts fundamental in the mutual relations of people of social groups and of humankind to god his concern is to penetrate to the essential or ontological foundation of the meaning of each of these words
