the original edition of beyond and before extends an understanding of progressive rock by providing a fuller definition of what progressive rock is was and can be called by record collector the most accomplished critical overview yet of progressive rock and one of their 2011 books of the year beyond and before moves away from the limited consensus that prog rock is exclusively english in origin and that it was destroyed by the advent of punk in 1976 instead by tracing its multiple origins and complex transitions it argues for the integration of jazz and folk into progressive rock and the extension of prog in kate bush radiohead porcupine tree and many more this 10 year anniversary revised edition continues to further unpack definitions of progressive rock and includes a brand new chapter focusing on post conceptual trends in the 2010s through to the contemporary moment the new edition discusses the complex creativity of progressive metal and folk in greater depth as well as new fusions of genre that move across global cultures and that rework the extended form and mission of progressive rock including in recent pop concept albums all

chapters are revised to keep the process of rethinking progressive rock alive and vibrant as a hybrid open form

war gaming has become a characteristic feature of modern life from amateur clubs to professional academicians playing the war game in the company of military circles we have come up against the phenomenon of the robotization of human life irving louis horowitz argues that those who protest the idea that war is a game do so on moral grounds that leave unanswered tough questions what is the alternative to playing the game what will become of us if we allow the opponent to become the better player in an all or nothing game of extinction horowitz provides answers in a logical manner while focusing on facts and ethical alternatives to risky ethics the work is divided into three sections the new civilian militarists thermonuclear peace and its political equivalents and general theory of conflict and conflict resolution included are such topics as arms policies and games morals missiles and militarism and conflict consensus and cooperation horowitz concludes that it is time to register the fact that the basic option to destructive uses of science is not traditional morality but better science a science of survival with a new introduction by howard schneiderman along with a major essay and other materials not included in the original edition this classic work is a worthy contribution to intellectual debate in the twenty first century and a must read for military strategists sociologists and historians

hank hanegraaff documents the danger of looking for god in all the wrong places and goes behind the scenes into the wildly popular and bizarre world of contemporary revivalism hanegraaff masterfully exposes the stark contrast between these deeds of the flesh and a genuine work of the spirit by contrasting modern revivals with the scriptural examples of god s movement among his people
