founded at the end of world war ii in 1945 the united nations was created to maintain international peace and security develop friendly relations among nations on equal terms and encourage international cooperation in solving intractable human problems

a comprehensive guide to the world body s institutions procedures policies specialized agencies historic personalities initiatives and involvement in world affairs the new united nations is organized thematically blending both topical and chronological explanations making reference to current scholarly terms and theories the first textbook of its kind on the market it presents the un in its evolving role in this new era since the cold war and shows its responsibilities for meeting challenges to the global community

what impact does un peacekeeping have on the politics of authoritarianism in host countries this book advances a theoretically innovative and empirically rich answer to this question while the un does not intentionally promote authoritarianism it faces a number of constraints and dilemmas that give rise to what we call authoritarian enabling enabling can occur through two mechanisms capacity building and the creation of a permissive environment which enhance the ability of host governments to engage in authoritarian behavior and signal to them that doing so is low cost this book illustrates these two mechanisms with four in depth case studies of un peacekeeping operations untac in cambodia monuc monusco in the democratic republic of congo minustah in haiti and unmil in liberia the analysis is based on primary interview data from over 200 interviews the authors explore the sources of enabling identifying the trade offs and contradictions that give rise to these two mechanisms they include respect for sovereignty the importance of working relations with the host government the tension between democracy and other mission goals the pressure to demonstrate quick results and divergences within missions and the broader international community while enabling stops short of the outright promotion of authoritarianism it explains why the un s activities often appear to contradict its stated objectives and the outcomes it delivers fall short of its goals in addition to its theoretical and empirical contributions the book suggests how these dilemmas and challenges can be overcome

the united nations analyzes the history processes structure and functions of the united nations this best selling one volume text provides a comprehensive treatment that is adaptable to a variety of course approaches the basic historical material that comprised the core of the first two editions remains intact in this latest rendering however the book has been revised from cover to cover redrafted to reflect significant changes in the world after the cold war and the effect of those changes on the character and work of the united nations

key resolutions from the first fifty years of the united nations general assembly

the un was born out of the experiences of the second world war inspired by a liberal internationalist approach that believed in the possibility of progressive change in world politics yet the organization has often disappointed those who believed it could play a central role in promoting a more peaceful secure and just world rwanda mogadishu and sarajevo being recent cases in point this book explores how the un has influenced world politics looking at why it was created how it was affected by the cold war and how successive secretaries general struggled to find a role for themselves

this book examines 46 un peacekeeping operations initiated from 1956 through 2006 to identify the most significant factors that could help to explain the success or lack of success of such operations

air power for warfighting is a story that s been told many times air power for peacekeeping and un enforcement is a story that desperately needs to be told in rich detail this volume describes aircraft transporting vital supplies to un peacekeepers and massive amounts of humanitarian aid to war affected populations aircraft serving as the eyes in sky to keep watch for the world organization and combat aircraft enforcing the peace rich poignant case studies illuminate the past and present use of un air power pointing the way for the future

united nations a history begins with its creation in 1945 although the organization was created to prevent war many conflicts have arisen ranging from the korean war to the six day war to genocide in bosnia and rwanda stanley meisler s in depth research examines the crises and many key political leaders in this second edition meisler brings his popular history up to date with accounts of the power struggles of the last fifteen years specifically spotlighting the terms of secretaries general boutros boutros ghali kofi

annan and ban ki moon this is an important riveting and impartial guide through the past and recent events of the sixty five year history of the united nations

seminar paper from the year 2014 in the subject politics topic peace and conflict security grade 1 3 university of bamberg language english abstract the united nations un in international relations is considered to be a supranational organization currently the un consist of 193 member states and it stresses out four main purposes which are maintaining peace and security developing friendly relations amongst states helping states to work together and being a centre for harmonizing the actions of nations cf un org en aboutun additionally the un is seen as a collective security system which offers states to settle down any disputes and for solving social economic humanitarian and ecological problems on international level cf gareis varwick 2006 85 according to this purposes the un has acted and authorized multilateral interventions in many states which were affected by conflicts the libyan conflict in 2011 as an example was one of the cases where the un has responded to the actions and the multilateral intervention in libya leaves questions how does the un shape the behavior of its member states and why does the un act in general the theory of social constructivism by alexander wendt can provide an explanation to these questions the theory defines balances of power between states and explains the behavior of states furthermore it claims that international relations are social and the international system is constituted by ideas cf jackson sorensen 2006 162 but the main question which shall be discussed in this term paper is therefore how can the theory of social constructivism explain the actions by the united nations security council in libya first of all core assumptions of social constructivism has to be discussed in order to explain further analysis of this term paper after the illustration of the core assumptions of social constructivism the powers and functions of the un security council shall be described because the security council as one of the most important main body of the un is the only executive body that act regarding any threat of peace and security thereafter the situation in libya as the empirical example have to be mentioned what exactly happened in libya and what did the un especially the security council do altogether with the core assumptions of social constructivism the theoretical knowledge of the security council and the information of the libyan conflict the main question shall be answered at the end the conclusion shall summarize the term paper s outcome of the analysis

an accessible introduction to the politics and processes of the united nations tracing the evolution of the organization from its founding to the present debates about reform
