if we scratch beneath the surface of the suffolk we know today there are numerous surprising touching and alarming tales which bring to life the rich history of this county the little history of suffolk reveals the devastating effect of the dissolution of the monasteries the decline of the once booming cloth trade drastic erosion of the coastline and the disappearance of large country houses and estates here you will also find the rise of the chic victorian seaside resorts the captains of the brewing and iron industries who put suffolk firmly on the post industrial revolution map and the key wartime role the county played over many centuries no corner of suffolk is left unturned in this small book with a huge punch

presents a brief narrative history of the world for young readers from the stone age up to the end of world war ii

e h gombrich s bestselling history of the world for young readers tells the story of mankind from the stone age to the atomic bomb focusing not on small detail but on the sweep of human experience the extent of human achievement and the depth of its frailty the product of a generous and humane sensibility this timeless account makes intelligible the full span of human history in forty concise chapters gombrich tells the story of man from the stone age to the atomic bomb in between emerges a colorful picture of wars and conquests grand works of art and the spread and limitations of science this is a text dominated not by dates and facts but by the sweep of mankind s experience across the centuries a guide to humanity s achievements and an acute witness to its frailties

a vital guide to poetry from ancient times to the present a fizzing exhilarating book sebastian faulks sunday times london delightful new york times book review poetry is language made special so that it will be remembered and valued it does not always work over the centuries countless thousands of poems have been forgotten this little history is about some that have not john carey tells the stories behind the world s greatest poems from the oldest surviving one written nearly 4 000 years ago to those being written today carey looks at poets whose works shape our view of the world such as shakespeare whitman and yeats and more recent poets like sylvia plath seamus heaney and marianne moore who have started to question what makes a poem great in the first place little histories inspiring guides for curious minds

pictorial introduction to american history for younger children grades 3 5

who was the real king arthur what do the historical documents tell us about the knight of the round temple it is just a chivalric fantasy the story of

arthur has been handed down to us by medieval poets and legends but what if he actually existed and was in fact a great king in the early years of britain s story mike ashley visits the source material and uncovers unexpected new insights into the legend there is clear evidence that the arthurian legends arose from the exploits of not just one man but at least three originating in wales scotland and brittany the true historical arthur really existed and is distantly related to the present royal family

the story of the british army has many sides to it being a tale of heroic successes and tragic failures of dogged determination and drunken disorder it involves many of the most vital preoccupations in the history of the island the struggle against continental domination by a single power the battle for empire and a cast pf remarkable characters marlborough wellington and montgomery among them yet the british relying on their navy have always neglected their army from the time of alfred the great to the reign of charles ii wars were fought with hired forces disbanded as soon as conflict ended even after the stuggles with louis xiv impelled the formation of a reulgar army impecunious governments neglected the armed forces except in times of national emergency in this wide ranging account major haswell sketches the medieval background before concentrating on the three hundred years of the regular army leading up to its role in our own time he presents an informed and probing picture of the organization of the army the development of weaponry and strategy and the everyday life of the british soldier through the centuries john lewis stempel has brought major haswell s classic work right up to date by expanding the section on the dissolution of empire to include a full account of northern ireland and the falklands war he has added a new chapter to cover the gulf war bosnia afghanistan and iraq also the increasing role of special forces and the amalgamation of regiments
