the english language a historical introduction covers the history of the english language from its prehistoric indo european origins to the present day assuming no previous knowledge of the subject charles barber describes the nature

of language and language change and presents a history of the english language at different periods dealing with key topics such as grammar pronunciation and semantics where necessary he introduces and explains the main theoretical and technical concepts of historical linguistics there are also chapters on english in the scientific age english as a world language and the future of the language charles barber uses dozens of familiar texts including the english of king alfred chaucer shakespeare and addison to illustrate the state of the english language through time in a range of contexts this is a fascinating book for anyone with an interest in language

comprehensive and balanced this classic exploration of the history of the english language combines internal linguistic history and external cultural history from the middle ages to the present emphasis is on the political social and cultural forces that affect language reflects the latest trends and statistics of the last ten years in a revised and updated chapter 1 english present and future provides a new section on gender issues and linguistic change in chapter 10 includes a thorough revision of chapter 11 the english language in america including updated material on african american vernacular english discusses black english and varieties of english in africa and asia as well as varieties in the united states australia and canada includes a map of american dialects provides examples of twentieth century vocabulary for multilingual readers or anyone who wishes to develop a well rounded understanding of present day english

comprehensive and balanced this classic exploration of the history of the english language combines internal linguistic history and external cultural history from the middle ages to the present emphasis is on the political social and cultural forces that affect language reflects the latest trends and statistics of the last ten years in a revised and updated chapter 1 english present and future provides a new section on gender issues and linguistic change in chapter 10 includes a thorough revision of chapter 11 the english language in america including updated material on african american vernacular english discusses black english and varieties of english in africa and asia as well as varieties in the united states australia and canada includes a map of american dialects provides examples of twentieth century vocabulary for multilingual readers or anyone who wishes to develop a well rounded understanding of present day english

the english language in its complex shapes and forms changes fast this thoroughly revised edition has been refreshed with current examples of change and has been updated regarding archeological research most suggestions brought up by users and reviewers have been incorporated for instance a family tree for germanic has been added celtic influence is

highlighted much more there is more on the origin of chancery english and internal and external change are discussed in much greater detail the philosophy of the revised book remains the same with an emphasis on the linguistic history and on using authentic texts my audience remains undergraduates and beginning graduates the goals of the class and the book are to come to recognize english from various time periods to be able to read each stage with a glossary to get an understanding of typical language change internal and external and to understand something about language typology through the emphasis on the change from synthetic to analytic this book has a companion website [dx doi org 10 1075 z 183 website](http://dx.doi.org/10.1075/z183.website)

this new edition tells the story of the english language from its remote ancestry to the present day

the second edition of a biography of the english language continues to examine the structure of language the textbook discusses three important issues languages and language change are systematic the inner history of a language is profoundly affected by its outer history of political and cultural events and the english of the past has everywhere left its traces on present day english by uncovering the language's past one can better communicate with it

the english language in its earliest period was spoken by a few thousand people most of whom were illiterate today more than 300 million people speak and write english as their first language in this book robert burchfield takes us on a brief tour of our ever changing language as he surveys its history and development and assesses its current state an eloquent guide burchfield examines the complexities of english as well as its amazing resilience and flexibility from vocabulary syntax and pronunciation to an analysis of the role of literature and the english bible in shaping the language burchfield infuses all his discussions with his fascination with the mystery of language and his confidence that english can be used at the present time as in the past with majesty and power free of all fault

the fourth edition of the origins and development of the english language continues to focus on the internal history of english its sounds grammar and vocabulary in organization the vocabulary is still treated most intensely in the final three chapters of the book by studying the history of english one can better understand the irregularities of modern english as well as finding more about ourselves

the history and development of english from the earliest known writings to its status today as a dominant world language is a subject of major importance to linguists and historians in this book a team of international experts cover the entire recorded history of the english language outlining its development over fifteen centuries with an emphasis on more recent periods every key stage in the history of the language is covered with full accounts of standardisation names the distribution of english in britain and north america and its global spread new historical surveys of the crucial aspects of the language are presented and historical changes that have affected english are treated as a continuing process helping to explain the shape of the language today this complete and up to date history of english will be indispensable to all advanced students scholars and teachers in this prominent field

this is the definitive survey of the english language in all its forms crystal writes accessibly about the structure of the language the uses of english throughout the world and finally he gives a brief history of english the book has been fully revised and there is a fascinating new chapter on the effect of technology on the english language illuminating guided tour of our common treasure by one of its most lucid and sensible professionals the times a splendid blend of erudition and entertainment thes

unlike other histories of the english language this introduction cuts away traditional divisions into old middle and modern english to chart the rise of and changes in standard english it covers the english and historical background changes in phonology vocabulary and syntax and offers close analyses of individual texts of english from a wide range of periods the final chapter focuses on the place of english as a world language and the growing array of the varieties of english spoken today a useful appendix gives definitions of technical terms and phonetic symbols

this bestselling text by charles barber with updating contributions from joan c beal and philip a shaw recounts the history of the english language from its remote ancestry to the present day using dozens of familiar texts including the english of king alfred shakespeare and chaucer the english language is explored in terms of where it came from where it is going and the global impact it has had taking into account the many varieties of english that now exist stimulating and interesting it is not only written for specialists on language and linguistics but also for general readers who take an interest in the subject

the second edition of this hugely successful textbook provides comprehensive coverage of a wide range of topics in theoretical and applied linguistics written by leading academics in the field this text offers a firm grounding in linguistics and includes engaging insights into current research it covers all the key areas of linguistic analysis including phonetics morphology semantics and pragmatics and core domains of study comprising the history of the english language regional and social variation style and communication and interaction fresh material on research methods outlines key areas for consideration when carrying out a research project and provides students with the framework they need to investigate linguistic phenomena for themselves this is an invaluable resource for both undergraduate and postgraduate students on english language and linguistics degree programmes new to this edition seven new chapters covering topics such as second language acquisition corpus linguistics and research methods a number of chapters have been substantially revised including those on world englishes literacies in cyberspace and tefl tesol and linguistics fully updated throughout to reflect the latest advances in the field

a companion to the history of the english language addresses the linguistic cultural social and literary approaches to language study the first text to offer a complete survey of the field this volume provides the most up to date insights of leading international scholars an accessible reference to the history of the english language comprises more than sixty essays written by leading international scholars aids literature students in incorporating language study into their work includes an historical survey of the english language from its germanic and indo european beginnings to modern british and american english enriched with maps diagrams and illustrations from historical publications introduces the latest scholarship in the field
