civil justice for all a report of the american academy s making justice accessible project provides
a national overview of the crisis in legal services by focusing on four common categories of civil
legal problems family healthcare housing and veterans affairs by addressing these issues within the
larger context of american civil justice this report advances a set of clear national
recommendations for closing the gap between the supply and the demand for the legal assistance for
low income americans page iv

civil justice in the united states is neither civil nor just instead it embodies a maxim that the
american legal system is a paragon of legal process which assures its citizens a fair and equal
treatment under the law long have critics recognized the system s failings while offering abundant
criticism but few solutions this book provides a comparative critical introduction to civil justice
systems in the united states germany and korea it shows the shortcomings of the american system and
compares them with german and korean successes in implementing the rule of law the author argues
that these shortcomings could easily be fixed if the american legal systems were open to seeing how
other legal systems civil justice processes handle cases more efficiently and fairly far from being
a treatise for specialists this book is an introductory text for civil justice in the three
aforementioned legal systems

a sense of crisis in the administration of civil justice is present in many countries delays and high costs render access to the civil courts either useless or prohibitively expensive or both the crisis takes different forms in some jurisdictions the problems lie in high and unpredictable costs but in others there are overcrowded courts and exorbitant delays those interested in civil justice will be familiar with their own system but they will seldom have knowledge of other systems and these essays written by leading experts in the field survey different systems of civil justice from other jurisdictions an understanding of other systems will enrich the reform discussions in which each country by drawing attention to common problems to their roots to the solutions tried and above all to the consequences for better or for worse of reform civil justice in crisis shows that we can learn from others success but that we may find their failures even more instructive

sexual assault rape moving from victim to survivor is a collection of facts that encompasses social psychological and legal aspects created to help you if you are a victim of sexual assault or if you are part of a vulnerable population college students sexual minorities military and human trafficking victims also use this book if you are the family friend or professional caring for someone who has been sexually assaulted nurses physicians mental health providers advocates attorneys and law enforcement personnel the issue of sexual assault victimization is of great concern president barack obama has stated perhaps most important we need to keep saying to anyone out there who has ever been assaulted you are not alone we have your back i ve got your back the white house is responding to alarming sexual assault statistics in the united states especially among college students this book is a response to the white house s call to speak up support all survivors provide resources to students advocates and universities and educate the public on the realities of abuse find strength with this book in the variety and relevance of topics covered the journey begins with a basic definition of sexual assault walking through the process of what to do after such an event and ending with how to help someone who has suffered a sexual assault learn about victims rights responses reactions to sexual assault the forensic rape exam dna evidence reporting law enforcement criminal justice system protection order sexual violence injunction
