Europe's best known mage and contemporary occult author Frater U. D. shares his extensive magical expertise in the companion volume to his highly acclaimed *High Magic* previously unavailable in English. *High Magic II* has been eagerly awaited by ceremonial magicians, mages, and hermetic practitioners. This comprehensive guide explores a variety of magical topics: mirror magic, sigil magic, shamanism, magical orders, mudras, folk magic, and divination in a modern, non-dogmatic way. The integrated, progressive approach of this book on high magic is designed to help the reader develop a holistic understanding of the underlying magical theories and a true mastery of the magical techniques. Themes in the text recur, focusing on different aspects of core topics but taking the reader further along each time using the format proven effective in *High Magic*. *High Magic II* also delves into magic and yoga, magic in the Bible, the Kabbalah, forms of initiation, and the magic of ancient Egypt and the late Hellenistic period. Many provocative practices are addressed, including demonic magic and combat magic. Some of the techniques have never before appeared in an English language book.

It's amazing how many magical practitioners have trouble meeting their monetary needs. Certainly, applied magic should allow us to improve our finances. Shouldn't magicians who are tired of poverty be able to use their magic to obtain wealth? Now one of the world's most famous ceremonial magicians, Frater U. D. reveals full instructions for a variety of magical ways to obtain greater wealth. In his eagerly awaited new book, here he begins by placing money in its proper element: air, not earth, and shows you how to create your own rituals to bring money. Exercises help you to untie the mental knots keeping you from success and free up the mercurial energy of money so that it will flow into your life. This isn't a simplistic spellbook; rather, it features all of the information, exercises, rituals, and real magical work that, with study and practice, can change your life.

P. D. Newman's bold and daring theory provides a radical interpretation of Masonic symbolism in the tradition of Wasson, Hofmann, and Ruck in *The Road to Eleusis: Unveiling the Secret of the Mysteries* (1978) and Heinrich's *Strange Fruit: Alchemy, Religion, and Magical Foods* (1995). Newman suggests that practical psychoactive pharmacology, rather than philosophy, lies concealed in the root of some of our allegories and mysteries, admitting to being more than a mere theoretician. Newman draws from his own personal experiences and a wide range of sources in presenting his theory in a logical manner which merits consideration. Arturo de Hoyos, 33° Grand Archivist and Grand Historian, Ancient and Accepted Scottish Rite Southern Jurisdiction.
