walk don t wait by david c zaloudek david c zaloudek s walk don t wait uses simple easy to understand language and at the same time makes losing weight and becoming healthy interesting absent is the dry technical jargon seen in too many books of this type other

authors make dieting and maintenance so scientific and boring that weight loss seems difficult zaloudek s program is simple even better it requires no expensive exercise equipment actually there s no exercise at all he only recommends that you walk don t wait yes just move and exercise your writing hand to keep track of vital information to help you achieve results weight loss and maintenance is possible if you are willing to be aware of your eating and daily living this book provides hope for a new life with only tiny tweaks in your lifestyle

this work divided into two volumes is the study of the history of words in the austronesian an languages their origin in proto austronesian pan or at later stages and how they developed into the forms that are attested in the current an languages a study of their history entails the reconstruction of the sound system phonology of pan and an exposition of the sound laws rules whereby the original sounds changed into those attested in the current an languages the primary aim of this work is to examine exhaustively the forms that can be reconstructed for pan and also for the earliest stage after the an languages began to spread southward from taiwan for the later stages that is forms that can be traced no further back than to the proto languages of late subgroups we do not attempt to be exhaustive but confine ourselves to only some of the forms that are traceable to those times treating those that figure prominently in the literature on historical an linguistics or those that have special characteristics important for understanding in general how forms arose and the processes that led to change in short the aim of this study is not just to reconstruct protomorphemes and order the reflexes according to the entries they fit under but rather to account for the history of each fom1 that is attested and explain what happened historically to yield the attestations volume 2 of the proto austronesian phonology is divided into four parts and contains a glossary finder lists from the english translation a bibliography and an index

gender in the book of ben sira is a semantic analysis and also an investigation of hermeneutical pathways for performing such an analysis a comparison of possible greek and hebrew gender taxonomies precedes the extensive delineation of the target category gender the delineation includes invisible influences in the book of ben sira such as the author s choices of genre and his situation as a member of a colonized group within a hellenistic empire when the book of ben sira s genre constrained invectives against women and male fools are excluded the remaining expectations for women and for men are mostly equivalent in terms of a pious life lived according to torah however ben sira says nothing about distinctions at the level of how living according to torah would differ for the two groups his book presents an edenic ideal of marriage through allusions to genesis 1 to 4 and a substantial overlap of erotic discourse for the female figures of wisdom and the intelligent wife creates tropes similar to those of the song of songs in addition ben sira s colonial status affects what he says and how he says it by writing in hebrew he could craft the greek genres of encomium and invective to carry multiple levels of meaning that subvert hellenistic greek

claims to cultural superiority
