the political transformations of the 1980s and 1990s have dramatically affected models of national and international security particularly since the end of the cold war scholars have been uncertain about how to interpret the effects of major shifts in the balance of power are we living today in a unipolar bipolar or multipolar world are we moving toward an international order that makes the recurrence of major war in europe or asia highly unlikely or virtually inevitable is ideological conflict between states diminishing or increasing

when it was published in 1979 sandra m gilbert and susan gubar s *the madwoman in the attic* the woman writer and the nineteenth century literary imagination was hailed as a

pathbreaking work of criticism changing the way future scholars would read Jane Austen, Mary Shelley, the Brontës, George Eliot, and Emily Dickinson. This thirtieth anniversary collection adds both valuable reassessments and new readings and analyses inspired by Gilbert and Gubar's approach. It includes work by established and up-and-coming scholars as well as retrospective accounts of the ways in which *The Madwoman in the Attic* has influenced teaching, feminist activism, and the lives of women in academia. These contributions represent both the diversity of today's feminist criticism and the tremendous expansion of the nineteenth-century canon. The authors take as their subjects specific nineteenth- and twentieth-century women writers, the state of feminist theory and pedagogy, genre studies, film, race, and postcolonialism, with approaches ranging from ecofeminism to psychoanalysis. And although each essay opens *Madwoman* to a different page, all provocatively circle back with admiration and respect, objections and challenges, questions and arguments to Gilbert and Gubar's groundbreaking work. The essays are as diverse as they are provocative. Susan Fraiman describes how *Madwoman* opened the canon, politicized critical practice, and challenged compulsory heterosexuality, while Marlene Tromp tells how it elegantly embodied many concerns central to second-wave feminism. Other chapters consider *Madwoman*'s impact on Milton studies, on cinematic adaptations of *Wuthering Heights*, and on reassessments of Ann Radcliffe as one of the book's suppressed foremothers. In the thirty years since its publication, *The Madwoman in the Attic* has potently informed literary criticism of women's writing, its strategic analyses of canonical works, and its insights into the interconnections between social environment and human creativity. Have been absorbed by contemporary critical practices, these essays constitute substantive interventions into established debates and ongoing questions among scholars concerned with defining third-wave feminism, showing that as a feminist symbol, the raging madwoman still has the power to disrupt conventional ideas about gender, myth, sexuality, and the literary imagination.

In *Victoriana*, leading feminist cultural critic Cora Kaplan reflects on our modern obsession with Victorian culture. She considers evocations of the nineteenth century in literature: *The French Lieutenant's Woman* by John Fowles, *Possession* by A.S. Byatt, *Nice Work* by David Lodge, *The Master* by Colm Tóibín, *Fingersmith* by Sarah Waters, *The Line of Beauty* by Alan Hollinghurst. Film: *Jane Campion's The Piano* and biography Peter Ackroyd's *Dickens*. Why, she asks, does *Jane Eyre* still evoke tears and rage from its readers, and why has Henry James become fiction's favorite late Victorian author? Within *Victoriana*, Kaplan argues, lies a modern history of its own that reflects the shifting social and cultural concerns of the last few decades. Distance has lent a sense of antique charm and exoticism to even the worst abuses of the period, but it has also allowed innovative writers and filmmakers to use Victorian settings and language to

develop a new and challenging aesthetic issues of class gender empire and race are explored as well as the pleasures and dangers of imitating or referencing narrative forms individual histories and belief systems as kaplan makes clear victoriana can be seen as a striking example of historical imagination on the move restless and unsettled

in victorian connections each contributor was asked to write about anything in the victorian period with only one proviso that the essay seek to draw connections with other disciplines fields periods methodologies or authors the compliment the essays pay to each other the way they complement each other lies in their diversity another feature of the book is the way it grounds its work in a particular historical and institutional context that context is then illustrated in the succeeding essays these essays at once theoretically literate and historically rigorous define the shape that victorian studies will be taking in the immediate future
