this study focuses on the complex relations between author publisher and contemporary reading public in 19th century america in particular the emergence

of irving and cooper as america s first successful literary entrepreneurs how poe s and melville s successes and failures affected their writing the popularization of poetry in the 1830s and 1840s the role of the literary magazine in the 1840s and 1850s and the beginnings of book promotion it pays particular attention to the way social and economic forces helped to shape literary works

while the rise and abolition of slavery and ongoing race relations are central themes of the history of the united states the african diaspora actually had a far greater impact on latin and central america more than ten times as many africans came to spanish and portuguese america as the united states in this the first history of the african diaspora in latin america from emancipation to the present george reid andrews deftly synthesizes the history of people of african descent in every latin american country from mexico and the caribbean to argentina he examines how african peoples and their descendants made their way from slavery to freedom and how they helped shape and responded to political economic and cultural changes in their societies individually and collectively they pursued the goals of freedom equality and citizenship through military service political parties civic organizations labor unions religious activity and other avenues spanning two centuries this tour de force should be read by anyone interested in latin american history the history of slavery and the african diaspora as well as the future of latin america

the development of literature between 1800 and 1860 in the united states was heavily influenced by two wars the war of 1812 hastened the development of nineteenth century ideals and the civil war uprooted certain growths of those vigorous years the half century between these dramatic episodes was a period of extravagant vigor the final outcome being the emergence of a new middle class parrington argues that america was becoming a new world with undreamed potential this new era was no longer content with the ways of a founding generation the older america of colonial days had been static rationalistic inclined to pessimism and fearful of innovation during the years between the peace of paris 1763 and the end of the war of 1812 older america was dying the america that emerged which is the focal point of this volume was a shifting restless world eager to better itself bent on finding easier roads to wealth than the plodding path of natural increase the culture of this period also changed formal biographies written in this period often gave way to eulogy it was believed that a writer was under obligation to speak well of the dead consequently scarcely a single commentary of the times can be trusted and the critic is reduced to patching together his account out of scanty odds and ends a new introduction by bruce brown highlights the life of vernon louis parrington and explains the importance of this second volume in the pulitzer prize winning study provided by

publisher

revolutionary america 1763 to 1800 covers what are perhaps the most momentous four decades in american history during this period the 13 colonies fought for and achieved independence created a stable system of government financed their first stock exchange and investment banks expanded westward over the appalachians and defended their territory from covetous european nations through numerous statistical tables charts maps photographs and illustrations this volume reveals the diverse aspects of everyday life in the early united states with topics ranging from rural marriage customs to early american medical practices to voting qualifications lively informative essays connect and expand upon the statistical information both detailed and comprehensive with a wealth of primary source material revolutionary america 1763 to 1800 is the definitive source on the period for researcher and browser alike the period documents excerpted in this volume reflect the tremendous influence that the revolutionary war and frontier expansion had on the lives of most americans at the time they include the firsthand narratives of an irish immigrant woman adopted by indians a continental army soldier from new england a runaway slave and a child raised on a wilderness farm special topics for this volume include native american life government in each of the thirteen colonies pre and post revolution and early american industry and trade

chronicles the incidence of abortion in nineteenth and twentieth century america and the causes and processes of the profound social change which resulted by 1900 in the nearly universal legal proscription of abortion

originally published in 1970 professor callcott s analysis of the rise of historical consciousness in the united states from 1800 to 1860 offers a new dimension to american historiography other books have provided insight into the works of bancroft parkman and others but callcott goes beyond to explain the meaning of

the past itself rather than the contributions of particular historians as the anatomy of an idea this is an important contribution to american intellectual history and as a study of humans need for the past and their use of it it is an important contribution to american social history the author begins by analyzing the european and romantic background for american historical thought he then explores the rise of historical themes in literature education the arts and scholarship by describing the type of historical subject matter the methods of writing history the interpretive themes historians used and the standards by which critics judged history callcott offers a new understanding of the social and personal meaning that history had for americans at the time the american people were especially convinced of the utility of history its social use in supporting accepted values its personal utility in extending human experience and its philosophical value in pointing people toward ultimate reality the idea of history possessed a remarkable coherence that reflected the preoccupations and aspirations of the young nation callcott also demonstrates however that when basic historical assumptions were challenged by controversy the entire edifice collapsed

the literature on rural america to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural america remains much misunderstood neglected or ignored by scholars and policymakers alike in response emery castle offers the changing american countryside a volume that will forever change how we look at this important subject castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural america is so much more than just agriculture it is in fact highly diverse complex and interdependent with urban america and the international market place most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life
