this volume deals with the conscription system in the confederacy and the conflicts which it produced between confederate and state authorities it was begun with a view to discovering the effect of conscription upon the course of the war and to making available the experiences of the confederacy hard pressed always for fighting men in

raising its armies preface

civil wars and internal conflicts pose the greatest threat to international peace and security in the twenty first century nowhere is this problem more acute than in east asia and the pacific which has far more of its share of such conflicts unraveling internal conflicts in east asia and the pacific incidence consequences and resolution edited by jacob bercovitch and karl derouen jr is a book of originally commissioned essays on civil wars which provide a compelling area of inquiry many of the asia pacific region s wars are very long such as in myanmar some tend to recur also in myanmar some involve religion philippines thailand and some aceh bougainville east timor of the longest have ended in the last few years in short the region presents a variety of interesting dynamics that merit close attention in one volume the aim of unraveling internal conflicts in east asia and the pacific is to provide an original look at these civil wars the unique feature of the book is that it brings a variety of perspectives together into one volume bercovitch and derouen jr do this in four sections the first titled security and internal conflicts in the region is an overview of conflict and conflict management in the region section two is called features of conflict in the region here the authors cover conflict contours including intractability conflict resolution recurrence and islam section three external involvement in regional conflicts focuses on third party intervention in regional conflicts the individual chapters cover mediation peacekeeping and other forms of third party involvement the final section ties the chapters together unraveling internal conflicts in east asia and the pacific incidence consequences and resolution edited by jacob bercovitch and karl derouen jr provides a fresh and comprehensive look at conflict in the part of the world where internal conflict is most prevalent

since the publication of the 2005 human security report scholars and policy makers have debated the causes interpretation and implications of what the report described as a global decline in armed conflict since the end of the cold war focusing on the asia pacific region this book analyses the causes and patterns of this decline in few regions has the apparent decline in conflict been as dramatic as in the asia pacific with annual recorded battle deaths falling in the range of 50 to 75 percent between 1994 and 2004 drawing on a wide range of case studies this book looks at internal conflicts based on the mobilization of ethnic and nationalist grievances which have been the most costly in human lives over the last decade the book identifies structures norms practices and techniques that have either fuelled or moderated conflicts as such it is an essential read for students and scholars of international relations peace and conflict studies and asian studies

this third edition of conflicts in the middle east since 1945 analyzes the nature of conflict in the middle east with its racial ethnic political cultural religious and economic factors throughout the book peter hinchcliffe and beverley milton edwards put the main conflicts into their wider context with thematic debates on issues such as the

emergence of radical islam the resolution of conflicts diplomacy and peace making and the role of the superpowers the book is brought fully up to date with events in the middle east covering for instance developments in iraq in 2006 where a democratically elected government is in place but the insurgency show no sign of coming under control the analysis of the palestinian israeli conflict is also brought up to the present day to include the election of the hamas government and the 2006 conflict between israel and lebanon s hizballah including a newly updated bibliography and maps of the area this is the perfect introduction for all students wishing to understand the complex situation in the middle east in its historical context

this book explores the multifaceted dynamics between state and non state actors in public policy during and after conflict in the middle east and africa it offers case studies and policy relevant ideas for conflict affected areas to move forward in a more sustainable manner following the arab spring revolutions civil wars have plagued the middle east and north africa region along with other countries in africa the task of rebuilding peace and institutionalizing stability in conflict affected countries or fragile states emerging from conflict is a daunting uncertain and context specific task yet focusing on understanding conflicts in the middle east and africa offers an important view of the role of non state actors during conflicts these regions feature the highest numbers of inter and intra state conflicts and the governments are more often contested than in the rest of the world the volume proposes different cases addressing the fundamental challenge of inclusion and cohesion of non state actors during conflicts by providing a comprehensive exploration of diverse perspectives it empowers readers to engage with the pressing issues facing these regions this is a useful resource for students and researchers in public policy and governance studies development studies and ngos and middle east and african studies

a quiet revolution is taking place in america s forests once seen primarily as stands of timber our woodlands are now prized as a rich source of a wide range of commodities from wild mushrooms and maple sugar to hundreds of medicinal plants whose uses have only begun to be fully realized now as timber harvesting becomes more mechanized and requires less labor the image of the lumberjack is being replaced by that of the forager this book provides the first comprehensive examination of nontimber forest products ntfps in the united states illustrating their diverse importance describing the people who harvest them and outlining the steps that are being taken to ensure access to them as the first extensive national overview of ntfp policy and management specific to the united states it brings together research from numerous disciplines and analytical perspectives such as economics mycology history ecology law entomology forestry geography and anthropology in order to provide a cohesive picture of the current and potential role of ntfps the contributors review the state of scientific knowledge of ntfps by offering a survey of commercial and noncommercial products an overview of uses and users and discussions of sustainable management issues associated with ecology cultural traditions forest policy and

commerce they examine some of the major social economic and biological benefits of ntfps while also addressing the potential negative consequences of ntfp harvesting on forest ecosystems and on ntfp species populations within this wealth of information are rich accounts of ntfp use drawn from all parts of the american landscape from the pacific northwest to the caribbean from honey production to a review of nontimber forest economies still active in the united states such as the ojibway harvest of plants recounted here the book takes in the whole breadth of recent ntfp issues including ecological concerns associated with the expansion of ntfp markets and ntfp tenure issues on federally managed lands no other volume offers such a comprehensive overview of ntfps in north america by examining all aspects of these products it contributes to the development of more sophisticated policy and management frameworks for not only ensuring their ongoing use but also protecting the future of our forests
