while community quality of life indicators are gaining much needed attention in both scholarly work and practice their application in the areas of parks recreation and tourism management are not as well known the applicability of indicator systems for natural resource and natural resource area management within the parks and recreation arena is very high including urban parks and recreation programs and their influence on quality of life tourism is also an area that needs much more work in terms of assessing impacts as well as developing indicators for gauging progress in the long term all three areas are an integrated discipline

and most programs throughout the developed world are housed co jointly there are several researchers across the globe who are conducting innovative work in these areas the editors feel that a volume on the topic will spur additional interests as well as serve to lead the research efforts

in this volume a companion to feminist interpretations and political theory penn state 1991 edited by mary lyndon shanley and carole pateman leading feminist theorists rethink the traditional concepts of political theory and expand the range of problems and concerns regarded as central to the analysis of political life written by well known scholars in philosophy political science sociology and law the book provides a rich interdisciplinary account of key issues in political thought while some of the chapters discuss traditional concepts such as rights power freedom and citizenship others argue that topics less frequently discussed in political theory such as the family childhood dependency compassion and suffering are just as significant for an understanding of political life the introduction shows how such diverse topics can be linked together and how feminist political theory can be elaborated systematically if it takes notions of independence and dependency public and private and power and empowerment as central to its agenda

first published in 1974 in this collection colin bell and howard newby have reaped a rich harvest from the sociological field of community studies the selection from the work in that field presented here should satisfy readers of many different tastes and interests specialists in the sociology of community studies will find the authors brief informative and succinct survey of the field and the introductory summaries to each chapter as useful for their own teaching and research as the comprehensive selection of articles itself all those concerned with the welfare of people whether social workers and nurses or magistrates and local authorities will find here information about the community aspects of peoples lives which all too often still fails to find a place in their professional training

gender and rights presents twenty five essays by leading international scholars and advocates the relationship between rights and gender inequality the essays are organized into six categories rights sources of harm and well being work family violence and political process and participation particular attention is paid throughout to the relationship between cultural practices and legal rights the volume also highlights the conceptual and the political development of rights claims and rights regimes for women and sexual minorities the essays therefore focus not only on the theoretical justifications for rights but also on the contextual complexities of their enactment implementation enforcement and consequences

imagination and environmental political thought the aftermath of thoreau seeks

to correct oversimplified readings of henry david thoreau s political thought by elucidating a key tension within his imagination with the celebration of thoreau s two hundredth birthday now past this study outlines and builds on his own understanding of imagination and considers its implications for environmental politics despite the use of the word aftermath thoreau s legacy for environmental political thought is primarily constructive and foundational for modern environmentalism thoreau s virtues and vices have been inherited by his environmentally conscious readers the author of walden s preference for an abstract ahistorical higher law his radical concept of autonomy and his frustration with government and community foster an impractical political thought characteristic of an idyllic imagination nevertheless thoreau demonstrates a more prudential and moral imagination by emphasizing the inescapable relationship between the moral order of individuals and the order of political communities and by pioneering the central questions of humanity s relationship to non human nature can this tension of imaginations be resolved what are the consequences of this tension thoreau s overall vision ultimately creates significant problems with which environmentalists still struggle while thoreau s emphasis on freedom and the immaterial aspects of human and non human nature are of considerable value his abstract political morality misanthropy and escapism must be resisted both for the sake of environmental well being and human dignity in addition this book is an exercise in re thinking how the humanities may provide scholars critical insights to better diagnose and respond to the environmental challenges of our time

this is an open access title available under the terms of a cc by nc nd 4 0 international licence it is free to read on the oxford academic platform and offered as a free pdf download from oup and selected open access locations complexity and community in international relations offers a unique perspective on resilience nurturing in central eurasia spanning belarus and ukraine in the west south caucasus in the south and tajikistan in the east steeped in centuries long traditions social memory and culture this vast geography suffers from rampaging poverty climate emergency democratic struggles and conflict with global consequences for the planet in this volume korosteleva explores how central eurasia avidly showcases a remarkable and different type of resilience being deeply ideational spiritual and always communal she argues that the resilient subject there is never alone unable to cope instead it is always tightly woven into the community of relations through social memory and imaginaries of the good life support infrastructures and affective relations the author demonstrates how this resilient subject when faced with adversity or war becomes powerfully agential in not only learning to cope but to transform in response to change and to engage proactively in designing their better alternative futures resilience she states will come to encapsulate an almost revolutionary process of community s worlding into a universe of more than human complex relations attuned to the

precarious conditions of the anthropocene and more crucially able to act on them collectively

in professional and academic contexts nothing is more important than helping people to understand and engage with democratic society sant has written an excellent book which helps greatly towards that end she has developed incisive new arguments about the nature of contemporary politics and education using the most recent as well as classic literature she explores key ideas and issues through wide ranging discussions and by referring to her own valuable empirical work she characterizes and creates thoughtful insights and innovative pedagogical approaches this book achieves the very difficult task of illuminating complex ideas at the same time as helping to determine practical ways to achieve social justice through education political education has been neglected for too long this book is a bold new step in its achievement ian davies emeritus professor university of york uk this book examines political education in times of democratic crisis polarisation and uncertainty using populism as a diagnostic tool the book scrutinises current democratic practices and considers alternatives for future social studies and citizenship education the author examines contemporary events including brexit the catalan referendum for independence and protests in chile to ask how democratic educators can respond to times of crisis centered on themes of knowledge and ideology the book draws together political philosophy and educational research to map out critically analyse and offer alternatives to dominant debates on political education it will be of interest and value to scholars examining the relationship between democracy and educational theory and practice edda sant is senior lecturer at manchester metropolitan university uk a former social studies teacher her research interests lie in citizenship political and democratic education she has published widely in this field and in 2016 was recognized with a children s identity citizenship european association award

the moral domain is a hybrid combining the best features of a reader and a textbook first it provides extensive readings from the central writings in ethics along with writings from literary figures who offer concrete examples of lived ethics and second it includes thorough introductions and interspersed explanations and commentaries throughout helping students to more fully understand and participate in the ethical ideas and issues the philosophical selections are both western and non western including works and authors such as plato aristotle aquinas hume kant mill nietzsche macintyre and hursthouse the bhagavad gita hsun tzu and confucian works literary figures include sophocles tolstoy the bible camus twain dostoevsky golding and wharton among others the book is highly interactive integrating philosophical and literary reading selections with explanations and a variety of study questions to test comprehension and encourage reflections the book is ideal for introduction to ethics and moral philosophy courses

the 21st is being recognized as the century of the person particularly in medicine and health person centered medicine as a concept and global programmatic movement developed in collaboration with the world medical association world health organization international council of nurses and 30 other institutions over a decade of annual geneva conferences places the whole person as the center of health and as the goal and protagonist of health actions seeking the person at the center of medicine has meant a medicine of the person for the person by the person and with the person articulating science and humanism it strives for a medicine informed by evidence experience and values and aimed at the restoration and promotion of health for all the textbook on person centered medicine reviews this perspective as it has evolved to date and its resulting knowledge base the book structure encompasses an introduction to the field and four sections on principles methods specific health fields and empowerment perspectives its 42 chapters are authored by 105 clinician scholars from 25 different countries across world regions north america latin america europe africa the middle east asia and oceania its vision and goals involve total health for a total person ongoing work and upcoming publications would focus on redesigning health systems fit to purpose and integrating ancestral knowledge and wisdom community members self and mutual care advances in medical science and the contributions of health relevant social sectors

this latest work on rural social work and the small community follows decades of research on understanding and working with such communities close to home explains the dynamics of small communities in terms that are essential for scholars of rural services and rural life the book covers the major issues facing human services delivery in small towns in some cases for the first time in the professional literature the book will be essential reading for students and human services practitioners who are working in or aspire to serve in small towns and rural areas
