rev ed of preserving archives and manuscripts 1993

like their librarian colleagues reference archivists mediate between the user and the source material however given the nature of archival materials and of their holding repositories unique issues arise while such matters as provenance and original order and access and security continue to be vital underpinnings of their work a myriad of other issues comes into play as reference archivists attempt to balance the competing demands of donors researchers the public and the press from the creation and dissemination of finding aids for electronic resources to the implementation of marketing strategies to increase support and strengthen service reference services for archives and manuscripts shows you how to thrive in the changing world of archival reference intended to foster an appreciation of the issues both within and beyond the field of archives reference services for archives and manuscripts reveals that today s archivist is straddling the world of the traditional with the world of the new the book establishes its value as it guides you through new concerns such as how to take advantage of technological developments in appraisal accession and preservation address copyright privacy and funding issues for electronic resources mount archival cataloging records on local and wide area databases create a publicly available site on the internet improve in house access tools professional abilities and the caliber of public service address security issues and respond to theft reference services for archives and manuscripts also helps you by preparing you for changes in the relationship between archivist and researcher that will inevitably occur with further changes in technology other vital issues discussed are improved access for unserved and underserved groups a revision in ethical codes and the ability of archivists to become more customer centered

archival and manuscript repositories exist to preserve historical records and make them available for use the subject of this manual is the internal operations that link these two goals this manual covers generally accepted principles and techniques of archival accessioning and processing introduction

three people living in tel aviv haifa and jerusalem embark on distinct journeys that converge at the file their efforts to admit palestine to the olympics in the early twentieth century their pivotal roles in history have been purposely omitted from official record kept secret or forgotten why because of the nazi olympics in 1936 in berlin and

because of the death in 1972 of eleven israeli olympic athletes in the munich massacre this book narrates the previously untold history of a palestine olympic committee recognized before the creation of the state of israel in 1948 it sheds light on some of the darkest events in sport history exposing secretive relationships behind the doors of the jerusalem ymca nazi agitation arrests internments and other intrigue in the complicated history of israeli and palestinian sport the file breaks new ground at the intersection of sport and politics illuminating the hope tension and horror of the 20s 30s and 40s the creation of the state of israel and the palestinian refugees and the resulting guerrilla attack at the olympics in munich in 1972 and reveals a handful of heroes whose impact on athletes and international sport competitions is still felt today consultant and researcher san charles haddad weaves a true and masterful tale of forgotten personalities in a conflict characterized by unabated venom bringing hope and new questions in his wake what will be the future of israel and palestine and how might sport play a restorative role in the twenty first century
