literature and the internet a guide for students teachers and scholars is the only internet guide written for those who love and study literature the book begins with a practical introduction for readers who want help finding navigating and using literary sites later chapters focus on educational issues such as plagiarism citation website evaluation the use of internet sites in literature courses as well as the technical scholarly and professional issues raised by the advent of the internet finally the book concludes with a chapter on the cultural implications of the internet for literary studies in addition the book offers an

annotated bibliography of internet sources with urls that introduces readers to hundreds of sites which they can explore on their own readers need not have a b a or even a major in english and no special training in computer technology and software is necessary the book explains both the basics of the internet and sophisticated scholarly issues in simple language ultimately each internet user must choose his or her own path through the internet but with literature and the internet in hand surfing the net for things literary will be more efficient and satisfying and much less confusing and overwhelming

the institution of monasticism in the christian church is in general decline at least in so called first world nations though there are many reasons for this monastic leaders are confronted by the reality of fewer communities monks and nuns nonetheless at the same time many younger christians are rediscovering the rich heritage of the monastic tradition though they themselves might not be called to join a traditional monastery they are eager to appropriate monastic practices in their own lives this had led to a movement known as the new monasticism or secular monasticism despite lacking a unified vision and any central organization these new secular monastics are attempting in their own ways to carry on the tradition and practices of christian monasticism as well there is a movement within historical christian monasteries to pour new wine into old wineskins traditional forms of monasticism are also generally flourishing in developing nations breathing new life into monasticism this volume looks at the current monastic landscape to assess where monasticism stands and to imagine ways in which it will grow in the future leading not only to a renewed christian monasticism but to new monasticisms

how does authority become power how does power justify itself to achieve its ends for over two hundred years the valois kings relied on a complex mixture of ideologies ruling a monarchical commonwealth with a coherent theory of shared governance forged in the hundred years war this commonwealth built on the defense of the public good bien public came undone both practically and theoretically during the wars of religion just as certain kings sought to expand the royal prerogative so too elites fought to preserve their control over local government using town archives from more than twenty cities to complement traditional sources of political theory the french monarchical commonwealth 1356 1560 establishes the relationship between seemingly theoretical constructs like the salic law and the reality of everyday politics
