in this exemplary piece of historical sociology biernacki demonstrates tremendous theoretical and methodological sophistication as well as the talents of a gifted social

historian he skillfully weaves together theory and history to creatively address central debates in the social sciences ronald aminzade author of ballots and barricades class formation and republican politics in france 1830 1871 a work of major significance in comparative historical sociology the sociology of culture labor history sociological theory and the history of economic thought it is in a class by itself sonya o rose author of limited livelihoods gender and class in nineteenth century england a major intellectual event in cultural sociology and labor history biernacki s theoretical and methodological sophistication his lucid style and his wonderfully detailed empirical research make this book very special william sewell jr author of work and revolution in france

this book is an english translation of essays on marx s theory of value first published by isaak illich rubin in 1923 in the soviet union rubin s book sparked a fierce value controversy with contemporary soviet economists during the late 1920s as such the present translation is conceived as a variorum edition including for the first time in english all the essential supplementary materials related to this foundational work in marx s value theory in addition to rubin s main work this edition includes his four most important related publications as well as ten debate articles written and published by his contemporary proponents and opponents

the issue of physical resources is one of considerable interest in the field of human resource management but the solution to such difficulties must depend upon the skills and enterprise of those in positions of management the purpose of this book first published in 1975 is to focus upon these skills and upon the issues involved in examining the utilisation of human resources the concept of human resources is an extremely broad one and there are many relevant disciplines each discipline provides information with respect to monitoring developing or utilising the human resource the set of papers in this volume will provide a source of reference for a wide range of research worker practitioners and students in the total sphere of human resources as well as within the various disciplines represented

karl heinrich marx was a german philosopher economist historian sociologist political theorist journalist and socialist revolutionary it is hard to think of many who have had as much influence in the creation of the modern world in addition to his overtly philosophical early work his later writings have many points of contact with contemporary philosophical debates especially in the philosophy of history and the social sciences and in moral and political philosophy historical materialism marx s theory of history is centered around the idea that forms of society rise and fall as they further and then impede the development of human productive power marx s economic analysis of capitalism is based on his version of the labour theory of value and includes the analysis of capitalist profit as the extraction of surplus value from the exploited proletariat marx sees the historical process as proceeding through a

necessary series of modes of production characterized by class struggle culminating in communism
critique of hegel s philosophy of right 1843 on the jewish question
1843 the holy family 1845 theses on feuerbach 1845 the poverty of philosophy 1847 wage labour and capital 1847 manifesto of the communist party 1848 the class struggles in france 1850 address of the central committee to the communist league the eighteenth brumaire of louis napoleon 1852 a contribution to the critique of political economy 1859 marx s inaugural address capital
