the relationships in your life will make the difference between happiness and misery the right relationship will launch you to the heights of achievement the wrong one will tether you to mediocrity your relationships will be your sources of greatest joy and your venues of greatest pain van moody says when people show you who they are pay attention we need to undertake the important task of evaluating our relationships intelligently we need to recognize the people with whom god has called us to walk in mutually beneficial relationships and to identify those who will derail our destinies or hinder his purposes for our lives it is high time we cultivate our relational iqs understanding not only how to build great relationships but also how to avoid or skillfully exit bad ones van moody saw this need every day of his pastoral life but he could not find a concise practical resource for people who need to become more relationally savvy he needed a beyond the basics study guide for relational iq the people factor is his solution god works in our lives through our relationships yet all too often we get our relationship advice from the most toxic sources we can find the people factor is based on the most effective trustworthy relationship book of all time the bible if you hunger for a richer more fulfilling life your relational iq is the place to start if you put the people factor principles to work you will become stronger happier and healthier in all your relationships you will be a better spouse a better friend a better boss a better parent and a better person

the author charts an ethical roadmap for successful management in the 21st century the information age is about knowledge ideas and creativity which result in a dizzying array of external forces including globalization new technologies and competition the author argues that leadership and the human factor are being overlooked and that

unless companies can convince employees and customers that they are going in the right direction then they will have no chance to survive

canada s political structure runs contrary to north america s economic geography and the north south economic pull canada imported political and administrative institutions designed for a unitary state and its political leaders have struggled to make them work since the country was founded because of this many canadians their communities and their regions view themselves as victims to a greater degree than groups in other western democracies do our federal government has shown a greater willingness to apologize for historical wrongs than other western countries canada also outperforms other nations in helping victims make the transition to full participants in the country s political and economic life donald savoie maintains that canada continues to thrive despite the many shortcomings in its national political institutions and the tendency of canadians to see themselves as victims and that our history and these shortcomings have taught us the art of compromise canada s constitution and its political institutions amplify rather than attenuate victimization however they have also enabled canadians to manage the issue better than other countries canadians also recognize that the alternative to canada is worse and this more than anything else continues to strengthen national unity drawing on his extensive experience in academe and as an advisor to governments savoie provides new insights into how canada works for canadians

the complete hands on guide to sustainable development today s process industries must develop natural resources within an eco friendly framework that balances current demand with future need realizing this goal necessitates global vigilance of three key areas people planet and prosperity known as the triple bottom line or simply the triple p sustainable development in the process industries details how worldwide implementation of sustainable processes in present day industries can positively influence the triple p going forward by lowering poverty reducing pollution and
