this task appear easy he said london is among the most lucid and instantly available of the songs of experience on the one hand i agree to this statement the poem itself is easy to understand not much background information about the author s life his visions and his complete works is required to grasp the message however an analysis has to provide more than just make the message of a poem understandable it should inter alia deal with the circumstances the author lived in the work of which the poem is part of and last but not least the stylistic devices and linguistic images used in this piece of art in the case of london this has been done by professionals many times a fact leading us to another important point that makes the task appear easier than it actually is the mass of biographies comments analyses and criticisms that have been written about blake and his works the advantage is obvious every line of london has been discussed and commented on and all that must be done is find adequate information at the same time this amount of literature presents many different approaches to analyse the poem too many to introduce them in a seminar paper hence this assignment tries to show a few aspects only after introducing the author and the songs of innocence and of experience briefly it follows a short summary of the poem and an overview of the stylistic devices the sixth chapter is the analysis itself focusing on the social criticism of the poem and dealing with the very complex relations between reading and hearing and seeing
