el objeto de este libro es dotar a sus alumnos y en general a todos los interesados de los temas de topografía y replanteos de un texto de iniciación eminentemente práctico en el que de forma clara y ordenada se exponen los conocimientos y procedimientos básicos de estas disciplinas

la topografía legendaria de los evangelios en tierra santa se puede calificar con justicia de libro peculiar muy peculiar pocos libros han surgido en coyuntura menos propicia para su recepción apareció en 1941 en un París ocupado por los alemanes es peculiar también porque en él se materializa una textualidad poco acorde con el canon académico lo que ha interferido negativamente sobre su reconocimiento como texto de referencia o clásico de la sociología resulta peculiar además porque tiene una lectura demandante y requiere un lector poco acorde con los tiempos y es peculiar por último porque como pocos libros en tan pocas páginas anuda o pone juntos y no solo juntos sino en denso y fructífero diálogo sociologías especiales de los objetos más dispares creencias religiosas tradiciones teología espacio ciudad tiempo memoria y especialmente tres la sociología histórica la sociología de la religión y la sociología del espacio tiempo cómo clasificarlo se anuncia como un estudio de caso en el campo de la sociología de la memoria de ahí el subtítulo estudio de memoria colectiva trata ciertamente de un caso de larga duración o de historia lenta o mineral a lo Braudel de la relación entre lo que los textos sagrados afirman y lo que la ciudad eterna de Jerusalén permite reconocer esta relación entre el relato que cuenta los hechos de Cristo y la ciudad que se va convirtiendo poco a poco en el escenario reconocible de su pasión y muerte es justamente el objeto de investigación qué sentido tiene indagar un objeto así la respuesta la da Halbwachs estamos ante un estudio de memoria colectiva
